FORM CRS

Garrison Point Capital, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

**What investment services and advice can you provide me?**

We offer the following investment advisory services to retail investors: **Portfolio Management Services**; Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/summary/165590>.

**Account Monitoring** We monitor portfolios on a continuous basis and will conduct account reviews with clients (subject to client availability), at least annually.

**Investment Authority** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account.

**Investment Offerings** We offer advice on the following types of investments: corporate debt securities (other than commercial paper), municipal securities and United States government securities.

**Account Minimums and Requirements** In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

**Key Questions to Ask Your Financial Professional**

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

**What fees will I pay?**

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A by clicking this link <https://adviserinfo.sec.gov/firm/summary/165590>.

- **Asset Based Fees** - Payable in arrears at the beginning of each calendar quarter based on the market value of the assets under management at the close of the prior quarter. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Performance-based Fees** Payable in arrears equal to 20% of Trading Profits for eligible accounts. Performance-based fees create an incentive for our firm to make investments that are riskier or more speculative than would be the case absent a performance fee arrangement. Since we manage both accounts that charge a performance based fee and accounts that are charged another type of fee, we have an incentive to favor accounts for which we receive a performance-based fee.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Account maintenance fees;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

***Key Questions to Ask Your Financial Professional***

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Proprietary Products: Mutual Fund:** We serve as the sub-adviser to a mutual fund in which you may be solicited to invest. However, if you invest in a mutual fund when we serve as sub-adviser we do not double bill you for those assets;
- **Private Fund Affiliation:** We serve as the general partner or are affiliated with one or more private funds (private pooled investment vehicles). Our Company, certain members of its management, and other knowledgeable employees may acquire, directly or indirectly, investment interests in our fund or have other financial interests (e.g. General Partner, Officers, Board Members, etc.) in the funds. This presents a conflict of interest because we have investments in and/or are compensated by the private funds.

***Key Questions to Ask Your Financial Professional***

- **How might your conflicts of interest affect me, and how will you address them?**

**How do your financial professionals make money?**

Our Company and the financial professional servicing your account(s) are compensated in the following ways: salary and bonus based on the fees generated from the amount assets under management. Compensation paid to our financial professionals involves a conflict of interest because they have a financial incentive to refer clients to our firm.

**Do you or your financial professionals have legal or disciplinary history?**

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple research tool.
